## Home Study Ideas

### We Enjoy the Additional Resources For Our Family

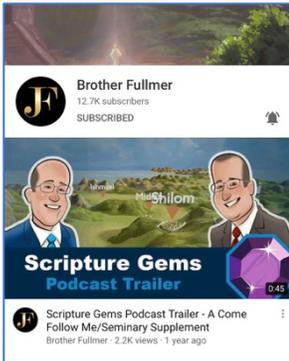

To be honest? We have SO far to go in applying this inspired program to our lives, but our greatest success so far has been in using supplementary resources that members themselves have created to help support the Come Follow Me curriculum. Like a good teacher, this helps bring the scriptures to life for us in new ways.

Here are three our current favorites.

#### The Engh Family – Abraham, Chante and Ephraim

#### Scripture Gems

A weekly podcast and YouTube video by two fun but brilliant scriptorium brothers who bring the scriptures to life through their interesting conversations, maps, quotes, and paintings. YouTube Channel: Brother Fulmer

#### Latter Day Kids

A weekly animated video for kids as well as mini lesson on their website that supports each week's Come Follow Me lesson.

#### Book of Mormon Central

An official organization made up of mostly BYU Religion professors as well as other scripture scholars. They produce a weekly video discussing "Come, Follow Me". It feels like you're in the best institute of religion class. They also have an abundant amount of other resources such as other videos to explain different aspects of the scriptures and even a scripture app. The Church gave them permission to publish the scriptures and they've cross referenced them with other resources that appear within the app as you scroll through the scriptures. It's pretty amazing!

*"There is much we can do as neighbors and fellow citizens to contribute to the sustainability and success of the societies we live in, and surely our most fundamental and enduring service will be to teach and live by the truths inherent in God's great plan of redemption. As expressed in the words of the hymn:"*

Faith of our fathers, we will love  
 Both friend and foe in all  
 Our strife,  
 And preach thee, too, as  
 love knows how,  
 By kindly words and  
 virtuous life.
