APRIL

PRESIDENCY MESSAGE

Susan B. Porter, a member of the General Primary Presidency, wrote in the April Friend about a time when she was starting a new job and she was nervous she would not be good enough. This thought came into her mind "Try your best. Even if it doesn't go well, there's somebody who loves you."

I want each of you to know that our Heavenly Father and Savior just want us to try, and try again. Pray for help and do your best. And no matter what there's somebody who always loves you!" - Love, The Primary Presidency
